RUBIX

Introducing our Exclusive Brands

Our exclusive brands offer high quality alternatives to leading brand products, leveraging Rubix's scale to reduce price. Designed to meet all relevant industry standards and certification, with customer needs in mind. The range includes, Roebuck for Hand and Air power Tools, GISS for PPE, Cutline for Cutting and Grinding tools, Mecaline for mechanical and power transmission products, and Spartex for maintenance essentials.

Same quality, performance and reliability as premium brands but at a better price.

ROEBUCK UNIWRENCH SPANNERS 11 PIECE SET

- Spherical box end design can open various types of nuts such as spline, 12 points, 6 points, square and star
- Includes 11 wrenches (mm): 8, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19

CODE: 1318088

ROEBUCK PLASTIC TOOLBOXES

- Polypropylene box
- 3 separate compartments integrated in the lid for storing small parts
- Transparent polycarbonate cover, resistant to scratches and impacts
- Integrated mobile tool tray
- Aluminium handle and latches - Can be padlocked

CODE: 2580711

ROEBUCK EXTRA-WIDE HEAVY DUTY TOOLBAG

- 600 denier polyester
- Numerous tool storage options both internally and externally
- Zip closure
- Comfortable handle and padded shoulder strap
- 460 x 280 x 300mm

CODE: 2525301

ROEBUCK TORX KEY SET TX5-TX50 13 PIECE SET

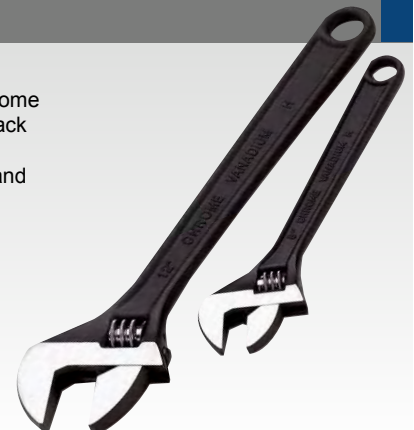

- Supplied in a plastic holder
- Set of 13 wrenches: T5, T6, T7, T8, T9, T10, T15, T20, T25, T27, T30, T40, T50

CODE: 2525529

ROEBUCK ADJUSTABLE WRENCH SET OF 2

- Manufactured from chrome vanadium steel with black phosphate finish
- Set comprised of 200 and 300mm long wrenches

CODE: 248017

ROEBUCK SOCKET 1/4 INCH SQ DRIVE METRIC 47 PIECE SET

- 1/4" Sockets and accessories: Made of chrome vanadium
- Semi-satin finish, semi-polished, Hex sockets
- Accessories: Quick release ratchet handle - 36 teeth, Spinner handle, 100mm extension, Universal joint, Bit holder, 112mm sliding, T-handle

CODE: 2525764

ROEBUCK SET OF 6 SLOT-HEAD AND POZIDRIV SCREWDRIVERS

- Chrome-plated blades
- Hardened steel tip
- Ergonomic handle
- Curved body for high tightening torques
- 4 slotted screwdrivers: 3.5x100, 4x100, 5.5x125 & 6.5x150
- 2 Pozidriv screwdrivers: PZ 1x80 & PZ 2x100

CODE: 209A7394

ROEBUCK GEAR WRENCH 4 IN 1 PLUS REVERSIBLE 8-19MM 3 PIECE SET

- Multi profile design fit five different fastener types, with each wrench covering four fastener sizes
- Low profile head, ideal for working in confined spaces
- Includes 3 spanners (mm): 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19

CODE: 2521600

ROEBUCK HEAVY DUTY 5M X 19M BLADE MEASURING TAPE

- Ergonomically designed stainless steel housing with black rubber for better grip
- Yellow nylon ribbon
- Double-lock button
- Strap

CODE: 2521609

ROEBUCK COMBINATION PLIER

- Fully tempered chromium vanadium steel
- Polished finish
- Hardness: 63HRC
- General purpose pliers for gripping and cutting wires, flexible and hard cables
- Cutting capacity up to 4 mm

TOOL DEMONSTRATION VEHICLE

On its way
to you

What's on board?

Our new Roebuck tool demonstration vehicles let you see up close our range of quality tools designed specifically for the needs of industrial users. Exclusively distributed by Rubix, Europe's leading industrial supplies specialist.

For over 190 years, Roebuck has provided reliable, quality tools to maintenance and repair professionals. They are subject to rigorous testing to the highest industry standards, backed up with a lifetime warranty* so you can buy with absolute confidence.

*Excludes products that require regular calibration

Safeguarding your workforce:

When visiting a customer site with our tool vehicles, we will adhere to government guidelines with your help regarding 2 metre social distancing and wearing face masks. We will ensure that all items are sanitised before and after every customer site visit, with PPE and sanitiser provided too.

All tool products on the vehicle can be handled by your engineers but disposable gloves must be worn at all times, these can be disposed of prior to you leaving the demonstration vehicle.

We would recommend that your engineers visit in their work bubbles in order to reduce risks to your company in regards to COVID-19. Your safety remains our top priority during customer site visits.

Get on board...

Why not book a visit and invite your engineers to see what's available. Our independent tool experts will take you through the latest innovations and cost saving ideas.

Simply call your local branch to find out more and to book a tool demo visit.

Exclusively available from Rubix

ROEBUCK ORGANISER TOOL KIT

Contents:

- 5 screwdrivers: - Slotted: 5.5x125, 6.5x150
- Phillips: 2x100
- Torx: 20x100, 30x115
- 7 piece Hex Key Set
- Combination plier 180mm
- Diagonal cutter 160mm
- Bent nose pliers half round 200mm

CODE: 211A0078

ROEBUCK 30 PIECE TOOL KIT

Contents:

- Chisel 250mm
- 10 Combination Spanners 7 to 24mm
- 18mm Snap Off Knife Blade Bi-Material
- Combination plier 160mm
- 9 Piece ball end hex key set
- Ball Pein Hammer 2LB
- Diagonal cutting pliers 160mm
- Centre Punch Round Head 100 x 6mm
- 4 Screwdrivers - 1xPH2, 4.0 x100, 5.5x125, 6.5x150 slotted screwdrivers
- Water Pump Pliers 250mm

CODE: 211A0087

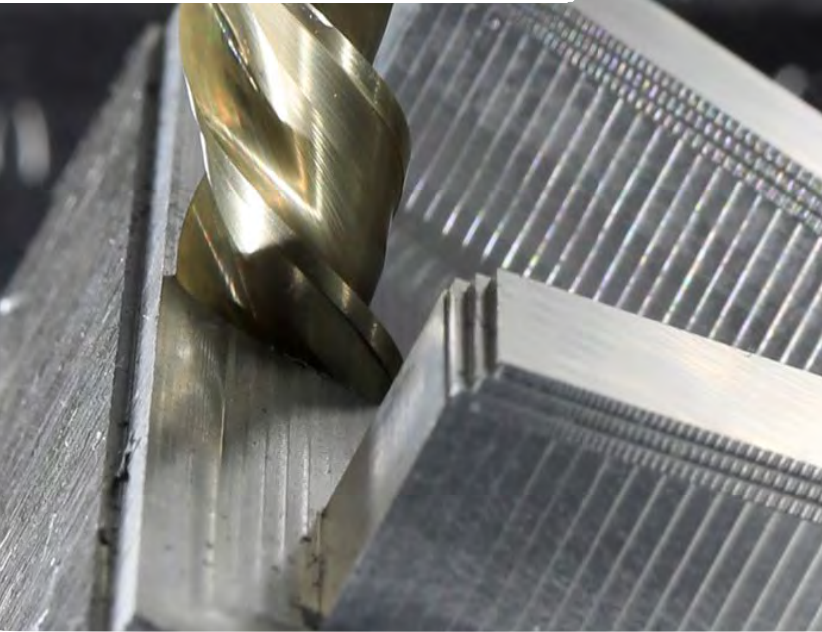

ROEBUCK 58 PIECE TOOL KIT

Contents:

- 6 Combination spanners 7 - 19mm.
- Set of 9 Ballpoint wrenches
- 2LB Ball pein hammer
- Diagonal cutter 160mm
- Combination plier 160mm
- Centre Punch Round Head 100 x 6mm
- Adjustable wrench 35mm
- 2 Screwdrivers slotted 5.5x125, 6.5x150
- Water pump plier 250mm/10"
- 30 Piece screwdriver bits
- Screwdriver with magnetic tip 1/4"
- Medium-smooth flat file 200mm
- Large capacity vice grip
- 2 Pin punches Ø 2.3

CODE: 211A0085

CUTLINE HSS TAP SET M4.0 X 0.7

- General purpose Metric Tap Sets
- Standard ISO 529. Straight flute
- Set of 3 – comprising or 1 x taper, 1 x second and 1 x plug

CODE: 215A7487

CUTLINE HSS TAP SET M5.0 X 0.8

- General purpose Metric Tap Sets
- Standard ISO 529. Straight flute
- Set of 3 – comprising or 1 x taper, 1 x second and 1 x plug

CODE: 215A7488

CUTLINE HSS TAP SET M6.0 X 1.0

- General purpose Metric Tap Sets
- Standard ISO 529. Straight flute
- Set of 3 – comprising or 1 x taper, 1 x second and 1 x plug

CODE: 215A7489

CUTLINE HSS TAP SET M8.0 X 1.25

- General purpose Metric Tap Sets
- Standard ISO 529. Straight flute
- Set of 3 – comprising or 1 x taper, 1 x second and 1 x plug

CODE: 215A7491

CUTLINE HSS TAP SET M10.0 X 1.5

- General purpose Metric Tap Sets
- Standard ISO 529. Straight flute
- Set of 3 – comprising or 1 x taper, 1 x second and 1 x plug

CODE: 215A7493

Hand Size Chart

GISS branded products meet stringent industry certification standards, delivering a level of quality, comfortable fit and safety as good as the leading PPE brands, but at a better price.

The GISS glove range delivers a comprehensive selection of hand protection products with a high-level of comfort, durability and dexterity – so your people can avoid cuts and abrasions at work. From PPE gloves, to chemical resistant gloves, heat resistant gloves and disposable protective gloves we have it covered.

Always ensure a good fit with our Hand Size Chart. Gloves should fit the wearer. Tight gloves can make hands feel tired and lose their grip. Too large gloves can create folds; these can impair work and be uncomfortable.

Requirements acc. to EN 21420:2020	Hand circum.	Hand length	Glove minimum length
6	152mm	160mm	220mm
7	178mm	171mm	230mm
8	203mm	182mm	240mm
9	229mm	192mm	250mm
10	254mm	204mm	260mm
11	279mm	215mm	270mm
12	304mm	>215mm	280mm

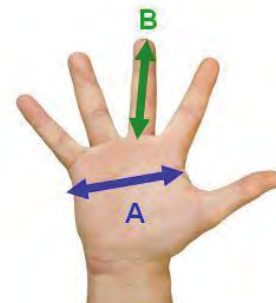

Protective gloves size: our three calculation methods

METHOD 1: Measuring the turn of the hand

1. Choose your strongest hand
2. Take a tape measure and wrap it round the palm of your hand
3. Fold your hand and measure the contour of your palm

METHOD 2: Finger length and hand width

1. Choose your strongest hand (right hand if you are right-handed)
2. Take a rule
3. Measure the width of your hand (Measure A)
4. Measure the length of your middle finger (Measure B)
5. Add A + B and divide by 2
6. The figure given represents the size of your gloves

METHOD 3: Hand size guide

1. To determine the correct glove size, place your hand on the coloured bar as shown below

**Glove size 9

MECALINE A27 A SECTION WRAPPED V BELT

- Classical V Belt - A Section - ISO 4184 - BS3790 - DIN7753
- Anti-Static & Oil Resistant
- Shelf Life 3 years

CODE: **45034995**

MECALINE 08B-1 ROLLER CHAIN

- Mecaline chains comply with European Standard DIN 8187-ISO 606
- Carbon Steel material
- Heat treated side plates
- Carbonitrided pins

CODE: **45034887**

MECALINE 41-19 08B-1 19 TOOTH SIMPLEX TAPER BORE SOCKET

- To suit 08B1-Chain
- Accepts a 1210 Taper Bush
- The dimensional characteristics comply with DIN 8187-ISO/R 606
- C45 Steel

CODE: **45036236**

MECALINE 1610-18 TAPER BUSH 18MM

- Taper Bushing 1610 series
- Cast Iron GG25
- DIN 6885 keyway

CODE: **45036161**

MECALINE 100X1 SPA PULLEY

- Single Groove SPA Pulley
- Accepts 1610 Taper Bush
- Cast Iron GG25

CODE: **45036477**

Integrated movement - for all your Mechanical Power Transmission, Pneumatics and Flow needs

Mecaline delivers high-quality, high-performance parts designed to fit seamlessly into your operations.

All Mecaline products are designed using high quality materials. Whether it's using the highest-grade raw materials or through its signature black oxide finish, Mecaline always meets your expectations and specifications.

Power transmission you can trust

With over 10,000 components, we have the parts for all your mechanical and power transmission, pneumatics, flow control and linear needs

Designed in collaboration with leading industry players and the majority are interchangeable with other leading brands

Mecaline makes replacement or modification swift and easy, whilst reducing downtime associated with finding the right parts

Ordering is easy and rapid through our web shop

Fittings

With over 1 million sold Mecaline now features over 2,400 fittings. Each component is interchangeable with the leading brands with every nickel-plated and stainless-steel fitting produced in Italy. The range includes options to suit food-standard environments and applications.

Bi-polymer tubing

This innovative pneumatic tube combines the very best of polyurethane with polyamide for extreme flexibility and excellent abrasion, chemical and temperature resistance.

The progressive flow blow gun

One of five different Mecaline blow guns, the progressive flow blow gun is ergonomically designed with 23 m³/h air flow and an angled nozzle for precision control and effective cleaning.

Reduce your total cost of ownership with Mecaline pneumatics

OSHA CERTIFIED

MECALINE TYPHOON HIGH FLOW COMPRESSED AIR BLOW GUN

- OSHA safety classification
- Nickel trigger, rubber handle and chrome finished body
- Flow: 965 litres/minute at 8.5 bars Thrust: +/- 2.8Nm (+/- 1kg)
- Thread: 1/4" BSPP Noise: 85db to 9,8 Kg/cm2 (OSHA - safety scale)
- Fitting thread: 1/2 inch Dimensions: 165 mm x 30 mm x 149 mm
- Weight: 287g

CLEANING

SPARTEX 2 PLY WHITE M FOLD TOWEL 20X150 SHEETS PURE

- White multi-fold hand towels
- Suitable for all washroom environments
- When dispensed can present the next towel ready for use reducing cross contamination

CODE: 223A1028

SPARTEX 2PLY BLUE CENTREFEED ROLLS 150M X 175MM X 70MM 417 SHEETS PK6

- 2 ply blue centrefeed rolls are suitable for busy washroom, catering and healthcare environments
- Ideal for both drying hands and soaking up spills
- Use in conjunction with 213A8861 Centrefeed dispenser

CODE: 223A1038

SPARTEX SOFT DUSTPAN AND BRUSH SET BLUE

- Rubber lip enhances sweeping effectiveness
- Soft brush, suitable for light sweeping tasks
- Colour co-ordinated to help follow hygiene cleaning guidelines

CODE: 223A8868

SPARTEX BLUE HYGIENE ROLL 40M X250MM PK24 RECYCLED

- Individually wrapped for extra hygiene protection
- Commonly used to line and protect couches, to offer hygiene protection in doctors surgeries
- Also suitable for wiping up spillages

CODE: 223A1064

SPARTEX ALCOHOL FREE WIPES 20CM X 18CM, BLUE, 1500 SHEETS, 10L BUCKET

- Sanitising Surface Wipes
- Food Safe
- Quat Free
- Anti-viral and Anti-bacterial
- Alcohol free

CODE: 228A4140

SITE EQUIPMENT

SPARTEX MAINTENANCE SHEETS 50CM X 40CM GREY PACK OF 200

- Absorbent pads are used for the recovery of minor incidental spills and leaks around the workplace
- Absorbing liquid in areas hard to reach or liquid contained in spilt area

CODE: 225A8271

SPARTEX MAINTENANCE ABSORBENT ROLL 50CM X 40M GREY

- Absorbent rolls are used to recover spills across a larger area or as a versatile option to pads
- Perforated for ease of use and ideal for maintenance upkeep

CODE: 225A8292

SPARTEX LIGHTWEIGHT OIL ONLY PADS 50CM X 40CM WHITE PK100

- Absorbent pads are used for the recovery of minor incidental spills and leaks around the workplace.
- Absorbing liquid in areas hard to reach or liquid contained in spilt area.

- Solid brass body
- 5 pins
- Hardened steel handle
- Double anchor
- Comes with 2 keys

CODE: 217A4950

SPARTEX BRASS PADLOCK 50MM STANDARD

- Pin tumbler brass padlock with hardened steel shackle
- Single locking system
- Supplied with two keys

CODE: 110015

WELDING

SPARTEX UNIVERSAL STEEL ELECTRODE 2.5MM X 3.5KG

- Universal Steel Electrode all positions for all current steels.
- Soft fusion.
- Good handling.
- Auto-detachable slag.
- Priming Voltage: = - ~40 V. .

CODE: 217A2458

SPARTEX UNIVERSAL STEEL ELECTRODE 3.2MM X 3.5KG

- Universal Steel Electrode all positions for all current steels.
- Soft fusion.
- Good handling.
- Auto-detachable slag.
- Priming Voltage: = - ~40 V.

CODE: 217A2459

SPARTEX UNIVERSAL STEEL ELECTRODE 4.00MM X 3.5KG

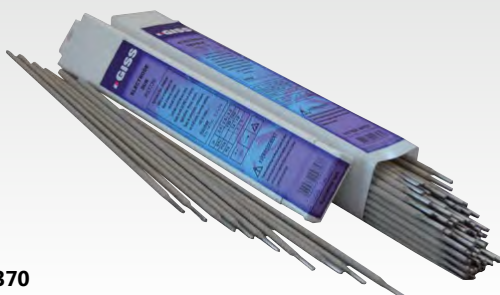

- Universal Steel Electrode all positions for all current steels.
- Soft fusion.
- Good handling.
- Auto-detachable slag.
- Priming Voltage: = - ~40 V.

CODE: 217A2463

SPARTEX STAINLESS STEEL ELECTRODE 316L 2.5MM X 1.0KG

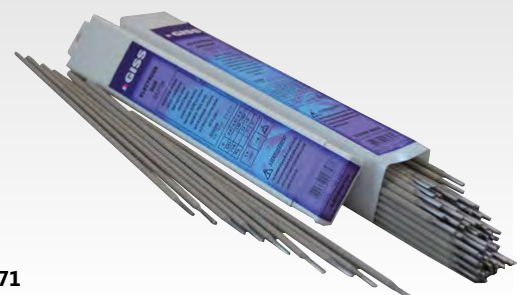

- 316L stainless steel electrode used for welding austenitic steels type 18/8/3.
- Excellent corrosion resistance.
- Food grade type.
- Smooth Fusion and good detachment of the slag.
- Coating with very low moisture recovery.
- Priming Voltage: = + ~70 V.

CODE: 217A2370

SPARTEX STAINLESS STEEL ELECTRODE 316L 3.2MM X 1.0KG

- 316L stainless steel electrode used for welding austenitic steels type 18/8/3.
- Excellent corrosion resistance.
- Food grade type.
- Smooth Fusion and good detachment of the slag.
- Coating with very low moisture recovery.
- Priming Voltage: = + ~70 V.
